SEED, SEEDLING AND PLANTING STOCK TREATMENTS AND NON-GMO VERIFICATION

For information concerning the USDA NOP Rule regarding seeds and planting stock practice, please see § 205.204 in the MVOAI Standards Manual.

If organic seed is not planted, you must show proof of your attempts to source organic seeds. Documentation must be provided of non-GMO status* and how long nonorganically produced planting stock, used to produce a perennial organic crop, was maintained under a system of organic management.

Producer Name:				**Crop Production Year:**		
Seed, Seedling and Planting Stock Information			**Lot Number**	**Type** (O), (M), (U), (T)**	**Type and Brand of Treatment** (if treated seed)	**Non-GMO Documentation Y/N?*****
Crop	Variety	Company & Supplier				

* Non-GMO source supporting documentation might include source packaging labels, letter on source company letterhead, credible verification from source supplier, etc.

** (O)=Organic; (M)=Maharishi Vedic Organic; (U)=Untreated Nonorganic; (T)=Treated Nonorganic.

*** If via lab tests, provide lab name, date of test and test results. If not via lab test, please provide other non-GMO supporting documentation.
